Bucyrus Authorities Make Arrests After "Protection" Money Is Paid.

POSED AS DRY AGENTS

Toledoan Promised To "Aid" Bootleggers To Escape Federal Court Action.

Special to The Star
BUCYRUS, O. Jan. 29.—Two men, believed to be fake prohibition agents, are in the Crawford county jail today while authorities are investigating suspected attempts to work a "shakedown" racket on local bootleggers.

The men are Arthur Carvin, 33, and George Williams, 20. Both gave Toledo as their residence. No charges have been filed.

Carvin and Williams were arrested last night by city and county authorities after Carvin had received \$10 for "protection" from Clarence Bailey while Williams awaited nearby in an automobile.

Offered Protection
Bailey tipped off authorities yesterday that he had been approached by the two men who were posing as secret service investigators. Bailey reported that the men said charges were being filed in federal court at Toledo against persons arrested and fined here recently as a result of liquor raids conducted by B. J. Liccardi, special investigator.

The men, Bailey said, told him that the persons fined here on possession charges would face charges of sale in federal court. The two men were quoted as telling Bailey to get in touch with the bootleggers and promised them protection in court at a cost of \$10 each. Arrangements were made for a meeting yesterday at 7 p. m.

Given Advised
Bailey told the men and to give him a marked \$10 bill. This was done and Carvin and Williams were arrested immediately by Patrolmen Lohr and Kennedy and Deputy Sheriff's French and Vollmer.

A telegram was found in Carver's possession, addressed to him in care of the county jail at Upper Sandusky. He was unable to explain his presence in the jail there.

In a telephone report, Sheriff Lawrence Weatherholtz of Upper Sandusky said that Carver was held in jail there several days on suspicion but no charges were filed against him and he was released.

No credentials to identify the men as secret service operatives could be found.

EX-GOVERNOR'S SON FREED FROM CHARGE

Walter, Son of Al Smith, Absolved of Blame in Traffic Death.

NEW YORK, Jan. 29.—After a hearing in which three eye witnesses placed the blame for the accident on the victim, Magistrate Guy Van Amringe today dismissed a charge of suspicion of homicide against Walter Smith, 22-year-old son of former Governor Alfred E. Smith.

Smith had been accused in connection with the death of Harry Wallace, 59, who was struck and killed by the Smith boy's automobile on Lexington avenue, shortly before three o'clock the morning of January 15 last.

The defendant's father and brother, Alfred E. Jr., were in court. The eye witnesses, all taxi-drivers, testified in substance that young Smith was traveling at less than twenty miles an hour, that traffic lights were in his favor, and that Wallace apparently walked into the moving automobile.

SUGGESTS WAY TO AID CONVICTIONS

By The Associated Press
HACKENSACK, N. J., Jan. 29.—If Prosecutor George F. Losche has his way, prisoners' confessions will be recorded on talking-motion picture films in Bergen county. Then the pictures, with sound effect would be shown to trial juries. He'd do it, Losche said, to counter the "invariable complaint" that confessions were obtained by "third degree" methods.

Losche has submitted the idea to County Judge William M. Seufert.

ABANDON HOPE FOR LOST SUB

British Admiralty Says Life No Longer Possible for 61 on U-Boat.

SEARCH WILL CONTINUE
Divers Risk Lives in Vain, as No Trace of Craft Is Found.

By The Associated Press
PORTLAND, England, Jan. 29.—The last straw of hope for the rescue alive of any of the sixty-one men and officers who went down with the British submarine M-2 last Tuesday was snatched away today by the publication of an admiralty statement saying it was no longer possible the men would be alive.

The statement said, however, that search of the sea floor for the ill-fated submarine would be continued.

An object sought by divers yesterday on the theory it might be the M-2 was found to be an old wreck. Further search will be conducted at another spot where a sweep brought up two submarine hand flags in a canvas case.

Desperate efforts were made last night to reach what was thought to be the submarine. Divers risked their lives time after time in a stormy sea, to reach the bottom only to be forced back, when night fell and seas mounted higher and higher.

Reception of what were thought to be "sub-surface signals" by the hydrophone of a destroyer assisting in the rescue, added impetus to the labors now definitely declared without reward.

Plans were made for a memorial service at the Little Avalanche church in the village of Southwell, a half-mile from the Portland bill lighthouse, next Sunday afternoon.

Following the service, relatives of the missing submarine crew and officers of the navy were to go out in a destroyer to cast wreaths on the water and say prayers for the dead at the spot where the M-2 is believed to have made its last dive.

PARTIES COOPERATE ON ECONOMIC BILLS

Political Truce in Congress Maintained To Aid Reconstruction.

By The Associated Press
WASHINGTON, Jan. 29.—Biparty cooperation in congress will continue through the vital task of enacting necessary taxation increases and bank-and legislation.

Between conferences in congress and action by President Hoover, maintenance of the political truce was assured today.

The senate adjourned to permit a new understanding on the important banking revision and depositors' relief bill produced by Senator Glass Democrat of Virginia, to be put into shape.

Senate confirmation late yesterday of the three directors chosen by President Hoover to operate the two billion dollar reconstruction corporation put this relief organization on a working basis.

Charles G. Dawes, Harvey C. Conch of Arkansas, and James Jones of Texas were confirmed without serious difficulty.

To carry on the pace, house Democrats invited Republicans colleagues to sit with them next week to write the new tax measure bill. Agreement was reached to have proposed retrospective increases on taxes applying on 1931 income and which are to be paid this year.

RAILWAY PAY CUT PARLEY ADJOURNS

Recess Taken Right at Time When Agreement Seems Near.

By The Associated Press
CHICAGO, Jan. 29.—The joint session of rail presidents and labor union representatives adjourned at 12:45 p. m. (Marion time) today, without reaching an agreement.

The adjournment followed nearly two hours of expectation that the carriers would report momentarily on a "new suggestion" made by the unions this morning, which they "had never heard before." After a half-hour conference, the rail heads returned to confer with the unions but the meeting broke up in another 20 minutes.

The rail presidents refused subject to a call from the union to resume deliberations late today or tomorrow morning, as the 25 unions threatened on the carriers' answer to their counter proposal.

The measure was introduced by Senator Charles McNary, Democrat of Oregon, and passed by a vote of 70-20.

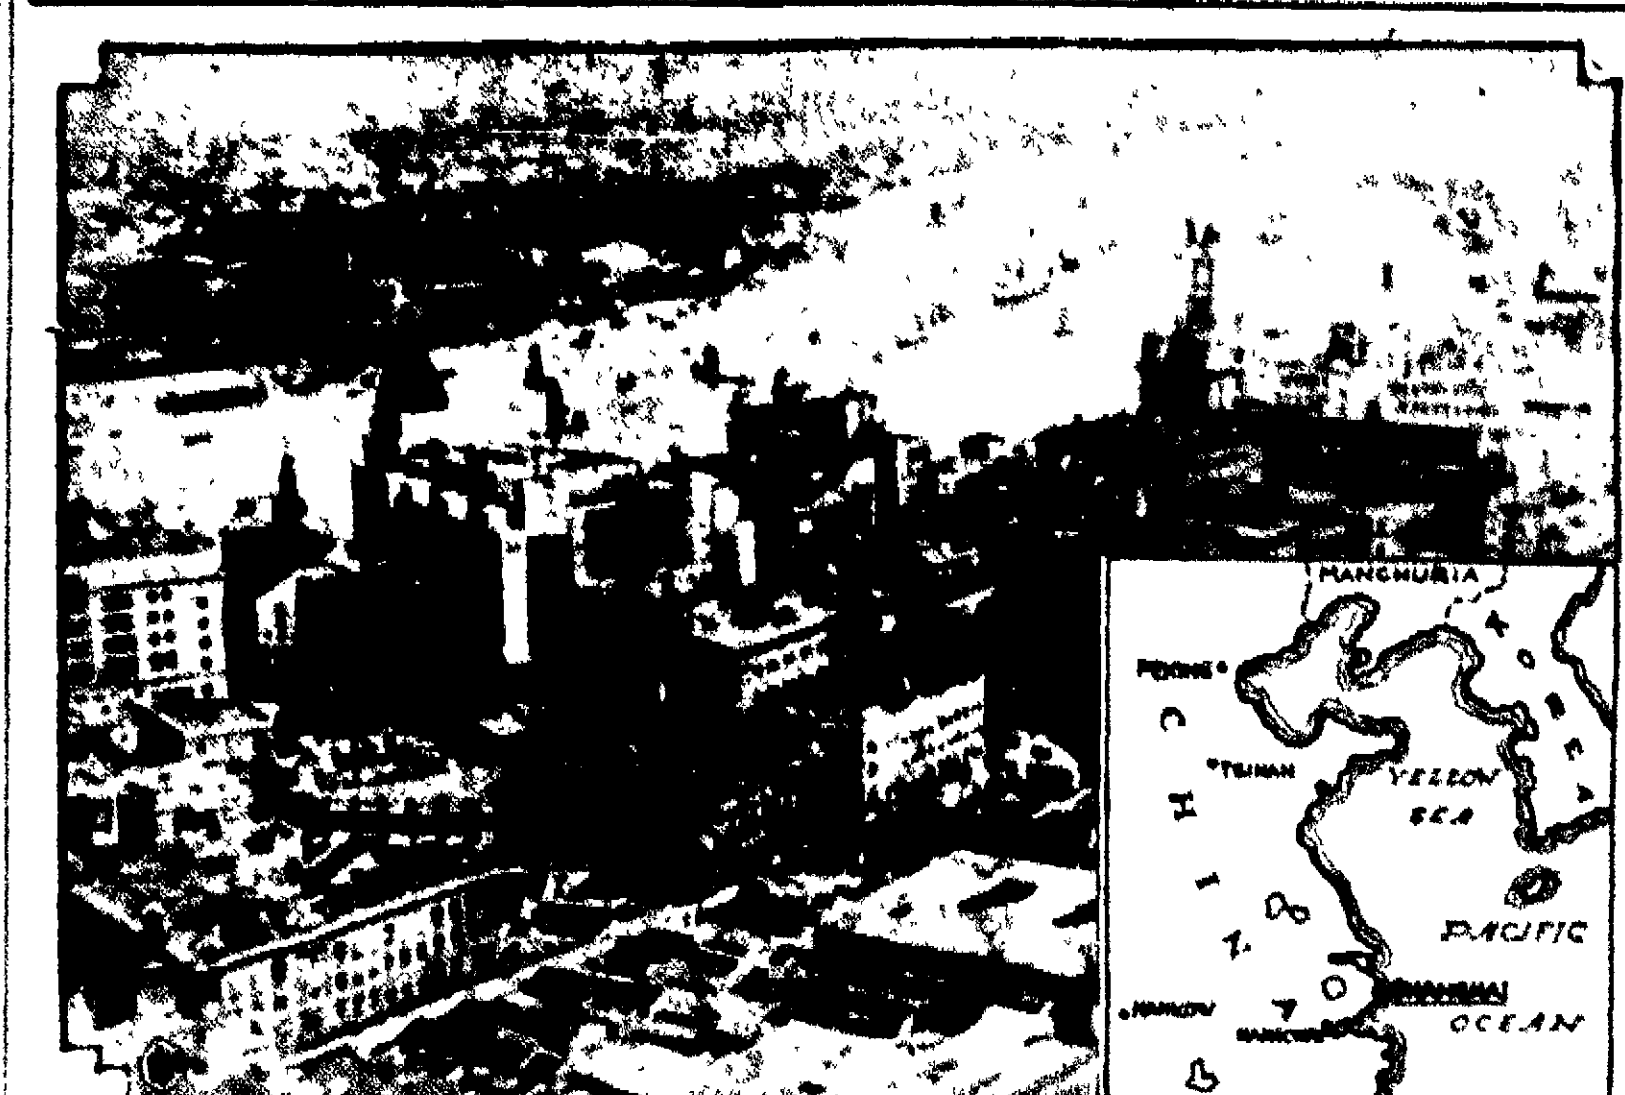

No time limit was set for the measure, and McNary said he would continue to push it.

HOOPER INDORSED

PHOENIX, Ariz., Jan. 29.—Governor George White now has two hats in the political ring.

Formal announcement that he will be a candidate to succeed himself was made by the governor in an address last night before a Fourth district Democratic rally.

The governor, several weeks ago, was named as Ohio's Democratic candidate for the presidential nomination.

POLICE TRAP PEN FUGITIVE

Convicted Georgia Murderer Caught in Detroit; Free Six Days.

By The Associated Press
DETROIT, Mich., Jan. 29.—Jack Martin, convicted murderer, was captured in Suburban Grosse Pointe park last night six days after he made his seventh break from the penitentiary at Millidgeville, Ga.

Leland Harvey was with Martin when two patrolmen entered a house they were ransacking, but escaped.

Fourteenth Escape
It was Harvey's fourteenth escape when he and Martin broke out of a death cell in which they had been placed for safe keeping. Harvey was under sentences totaling more than 100 years for robbery.

Officers said they believed there was no connection between the break of Martin and Harvey and the escape from the same prison last Tuesday of Aubrey Smith, Roy Gardner and Abe Powers, who stole the prison physician's car and killed John S. Williams, life term trustee, with it in their flight.

Martin was armed only with a piece of iron pipe when the patrolmen, who had noticed an open window in a home, cornered him in the attic. He was subdued with a blow on the head.

Had No Gun
He said he would have "shot it out" had he had a gun.

Martin told his captors he and Harvey tunneled under the prison wall after breaking out of the prison death cell. He said they stole Alabama, Kentucky and Ohio license plates as they passed through those states, to evade detection.

MARION CLUB TAKES QUARTERS IN HOTEL

Clubhouse on South Prospect Street To Be Closed After 30 Years' Service.

Headquarters of the Marion club, a social organization of business and professional men, will be moved from 131 south Prospect street, its home for more than 30 years, to the grill room of Hotel Harding Monday, it was announced today D. L. LaMarche, president.

The move was decided on yesterday afternoon by the directors as an economy step to benefit the members. Starting with a luncheon Monday noon, which all members have been urged to attend, the club will continue its function of providing luncheon and lounge rooms for its members.

To Take More Space
For the present, the grill room will be used both as a dining and lounge room, although the club contemplates increasing its quarters by the addition of a lounge room in the near future, LaMarche said.

Future plans for the historical Marion club buildings were indefinite today. The building is owned by the Marion Club Holding Co. formed in 1915.

The Marion Commercial club, predecessor of the existing Marion club, was organized in 1901 with H. E. Barlow as president. The club served a dual purpose of a social and recreation center for the professional and business men and a civic organization similar to the chamber of commerce. It purchased the present building then the sanatorium and residence of Dr. A. H. H.

Drops Civic Phase
In March, 1910, the club closed only to be completely reorganized and reopened in 1911 as the Marion club. The new club disposed of the title of the building, which was taken over by the Marion Club Holding Co. D. L. LaMarche was president of the reorganized club, which continued as a social and civic club.

A chamber of commerce was organized in 1915, taking from the club much of its activity as a civic group and leaving it almost wholly a social organization.

Activity in the club headquarters reached its pinnacle in 1920 during the presidential campaign of Warren G. Harding. It was estimated that 1,000 persons daily enjoyed the club's hospitality during the campaign.

Sino-Japanese Developments at a Glance

By The Associated Press
Shanghai — Japanese airplanes bombed the native city in retaliation for loss of nine lives in wrestling control from Chinese troops; fires broke out in the native section, physicians were harried by appeals for aid for wounded and burned Chinese civilians. In the international settlement anxiety ruled. International troops fingered their weapons from behind barriers of barbed wire and sand bags, repelling fleeing Chinese soldiers.

Manila—Four U. S. destroyers left for Shanghai under forced draught, and the rest of the Asiatic fleet grounded to sail on a moment's word.

Tokyo—Japan, too, hurried five additional warships to the scene, each manned by marines to strengthen land forces there.

The Japanese foreign office began preparation of a statement expected to say Japan has no intention of promoting political or territorial ambitions but is acting entirely in defense of Japanese citizens.

Geneva—Chinese delegates to the League of Nations submitted frantic appeal against Japan under the league covenant.

Harbin—Russia refused to permit Japanese troops to use the Chinese Eastern railway Russia and China control, and was warned it must accept the consequences of Sino-Japanese fighting at Harbin in Manchuria.

Washington—Truce reported affected through British-American efforts but report immediately denied by Japanese.

Japanese airplanes roared over the spot, releasing a thundering mass of bombs against which the Chinese were powerless to defend themselves. A fire started by the first bombing grew into a roaring conflagration as the attack continued, licking its way through the narrow, warren-like streets of the mud hut and cobblestone city as a prairie fire might attack the seats of field mice.

Onlookers who saw the area become a shambles of terror and death said the slaughter among the 200,000 Chinese inhabitants was enormous.

HOOVER DAM AREA POPULATION GROWS

Accommodations Provided for More Than 200 Children.

By International News Service
BOULDER CITY, Nev.—Three hundred and sixty-three children are living on the Hoover dam reservation, which less than a year ago had a population of but a dozen.

Boulder City are 288 children, 225 of whom are of school age, according to official census just completed by reservation police.

With a total population of about 1,000 on the entire reservation, Boulder City has a population of

about 3,500. There are 500 men in the river camp, seven miles from the community, and about 400 living in "Williamsville," temporary squatters' camp at the river bank.

With the Six Companies' payroll now about 2,800, and about half of these men married, family life on the reservation is on the increase, and many wives and families are slated to come to Boulder as soon as sufficient living quarters are completed.

Ninety-five children attend school in Boulder City. The school is conducted on a tuition basis by three teachers in three residence structures.

About 60 children go to Las Vegas, 24 miles away, in a school bus, to attend school. More than 80 attend the new temporary school at Williamsville, also on tuition basis.

From between Las Vegas and Boulder City, 87 or so of children whose fathers work on the dam journey to Las Vegas to school.

A total of 434 students attending in Las Vegas from Boulder City, Las Vegas and between-points, having parents on the dam project, comprises slightly more than one-fifth of the Las Vegas school attendance.

COLDS must be destroyed from within

Cold infection gets into the system and produces the symptoms afterwards.

When you treat the symptoms, you leave the way open to other infections which often result from the internal poisons of cold infection.

Destroy and eliminate the infection promptly from within.

Human Freaks Assembled at Movie Center

By International News Service
HOLLYWOOD, Calif. — Blarrie Mollwood has had a new experience.

Human oddities who have head-lined shows the world over assembled here for final scenes in a weird motion picture. This was the first time the entire cast has been brought together.

Among the collection were mad-gals, people with heads no larger than a man's fist, a man born without legs and arms, two beautiful young red-haired women who were born joined together, a sword swallower, and a human skeleton who weighed less than 45 pounds.

Prince Randell, the man with out arms and legs, and he was born in the West. India was more than 50 years ago. He declared he was married at the age of six in accordance with the custom of his country. He now has several children and eight grandchildren, all normal. He said he was studying law.

The "Siamese Twins" told how they were put in vaudeville during childhood by people who adopted them. They admitted they enjoyed show work now. Neither is married.

The three men with small heads, each more than 30 years old, were watched constantly to keep them from running away.

During the film of one scene the sword swallower was forced to swallow a three and a half foot sword blade more than 40 times. This repetition was requested by the film director who made several changes in dialogue of other actors before he was satisfied with the scene.

DANDRUFF Soon Destroys the Hair

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and two or three more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. Four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.—Adv.

A. E. F. TRUE TO "SWEETHEART" Soldier Friends Extend Best Wishes to Elsie Janis

ELSIE JANIS AS "SWEETHEART OF A. E. F."

NEW YORK—To the question:
"When is a sweetheart not a
sweetheart?" the logical answer is:
when she gets married. But logic
has little in common with senti-
ment, so Elsie Janis is relieved of
the one cloud that marred her hap-
piness when she recently married
Gilbert Wilson.

Miss Janis, we'll continue to call
her by the name that has come to
be regarded as synonymous with
"sweet fellow," was afraid that on
the announcement of her marriage
she would lose some of the esteem
that prompted our doughboys to
bestow upon her the title of the
"sweetheart of the A. E. F.," but,
to her great joy, those fears have
proved groundless.

Army of Well-Wishers
Today, the plucky woman, who
banished misery brought on by
mud, death and desolation of the
trenches by her singing of "There's
a Long, Long, Trail a-Winding"

Accompaniments for the produc-
tion were played by Miss Virginia
Grover and members of the high
school orchestra entertained with
a concert preceding the show.

and kept the spark of hope and
hope alive in the hearts of the
American boys who so valiantly
fought for the glory of their coun-
try on Flanders battlefields, is
ecstatically happy. Happy in her
marriage, with the added joy that
came with the knowledge that her
thousands of soldier friends haven't
forgotten her and wish her well.

Since the announcement of her
marriage, Elsie's home at Tarry-
town, N. Y., has been inundated
with telegrams, phone calls and
letters of congratulation from the
boys she loved and who loved her.
Some are couched in the only lan-
guage known to soldiers—such as
"You'll always be a regular guy to
me, Elsie," but they carry the sin-
cerity that comes only from the
heart. Others remind Miss Janis
that she promised she would not
ever tie herself to one man, as she
was in love with the whole A. E. F.
All the messages are enthusiastic
in tone, renewing the writers' al-
legiance to the woman who won
their admiration in their hour of
need.

Marriage a Surprise
Miss Janis once known as the
world's most famous bachelor girl,
was married on Dec. 31 in a secret
ceremony in the office of Mayor
Eugene Lehman of Tarrytown, and
when the wedding was revealed a
week or so later the news came as
a distinct surprise to her host of
friends and admirers.

Many who knew her intimately
were certain that the "Sweetheart
of the A. E. F." would never marry,
more especially since she turned
down more proposals, while in
France, than any other woman in
history.

Of course Dame Rumor has often
linked her name in a matrimonial
way with various men, but Elsie
always insisted that she would
never marry so long as her mother
lived. The love of mother and
daughter was one that had the
greatest bearing on Miss Janis'
life. In July, 1930, her mother died
in Los Angeles of pneumonia, and

the "long, long trail" that every
one of her admirers hopes will lead
to perfect and enduring happiness.

**JIMMY SWITCHES THE
FAMILY TO fresh CAMAY**
IT'S CELLOPHANE WRAPPED

"Hey, mom! I can't get any lather off of this
leathery old soap! You might as well try to wash
with a rock. Why don't you get some Camay?
It's fresh. Wrapped in Cellophane."

"Look, mom! I got a dozen cakes of Camay. Bob's
mother always gets a dozen. Mr. Witter says he can
hardly get Camay in fast enough. People think the
Cellophane wrapper is swell!"

"Oh, such a dainty fragrance! Let's try this fresh
Camay before dad gets home."

"Hello! Anna, this new soap is swell! Why, it lathers
as fast as shooting cream does!"

"Jimmy bought it. It's Camay. You see, the Cello-
phane wrapper keeps it perfectly fresh. And it
makes your skin feel like a million dollars. So
sweet!"

Stale soap takes longer to lather and is likely to be harsh. Use Camay, the fresh beauty soap, and you'll
never let a lesser soap touch your skin. Camay is sealed in Cellophane the instant it reaches perfection.
Fresh to begin with, even desert air can't keep it from staying fresh! It lathers like lightning—so luxu-
riously—and how soft and smooth this lather keeps your skin! Today—get a dozen cakes of Camay.
Your whole family will thank you. And you'll be enthusiastic about it!

SUGGEST NEW COURT SYSTEM

State Bar Association Discusses Ways To Improve Ohio Judiciary.

By The Associated Press
CINCINNATI, O., Jan. 29.—Creation of a statewide system of compensation courts, complete revision of the municipal code, drastic changes in conducting state bar examinations and strengthening requirements for admission to the Ohio bar, were chief topics of the Ohio State Bar association meeting today.

Harry F. Payer, former president of the Cuyahoga County Bar association, recommended compensation courts to replace the state industrial commission so claims would receive a "more human" treatment.

Urges "Drastic Change"

Grauman Marks of Cincinnati, chairman of the committee on legal education and admission to the bar, reported a "drastic change" necessary in conducting bar examinations. On his committee's recommendation, the association ruled an applicant failing in three examinations should not be eligible for another until he has given satisfactory evidence of further study.

Elimination of justices of the peace, or curtailment of their present powers was advocated by several attorneys, before the conference of bar association delegates.

The subject came up last night when delegates from the Tuscarawas county bar association presented a plan for creation of a system of county courts.

Would Unify Courts

Carrington T. Marshall, chief justice of Ohio, said he believed the entire question could be solved by a unified court system, with only one court in a county.

"What we need," Chief Justice Marshall said, "is fewer courts, not more of them. There should be only one place to file a suit and only one place to take an appeal."

The plan provided for a circuit court in each county, with a judge for each 50,000 persons.

The discussion ended with reference of the plan back to committee for further consideration.

ional Japanese troops were on the way to reinforce the 2,000 marines in Chapel. Foreigners in the residential area near the international quarter began evacuating their homes and moving into the settlement for protection.

As darkness again descended tonight it was apparent that Chapel's ordeal was far from finished. British consular and military authorities viewed the situation with growing anxiety as the battle spread with growing fury along the borders of the settlement and Chinese troops began to arrive in thousands from Nanking to resist the Japanese invasion.

Every bit of available manpower in the settlement was mobilized on the borders of the area.

HORRORS DESCRIBED

Eye-Witnesses Tell of Bullet Riddled Babies Among Dead.

By The Associated Press
SHANGHAI, Jan. 29.—Eye witnesses returning to the international settlement this evening described horrible scenes at dressing stations which, for the most part, were filled by civilians. Among the dead brought in, they said, were a number of babies and bodies of children riddled by bullets. Chinese doctors were working under the highest pressure and endeavoring to cope with the constant flow of wounded soldiers and civilians.

U. S. SHIPS ON WAY

Four Destroyers Speed Toward Shanghai from Manila.

By The Associated Press
MANILA, Jan. 29.—Their crews hurriedly rounded up from shore leave, four destroyers of the United States Asiatic fleet, sailed under forced draft today for Shanghai, latest battleground of the orient.

They left behind in Manila wild rumors that war had been declared between the United States and Japan. Remaining ships of the Asiatic fleet made ready to put to sea on short notice.

The war rumor apparently arose from activity of short patrols in rounding up crews of the destroyers. Elbowing through the crowd of several thousands at the annual Manila carnival, ordering sailors back to their ships. The four destroyers are expected at Shanghai Sunday, bringing the number of United States destroyers in the vicinity to nine. Each carried 105 men.

RUSSIAN-JAPANESE CLASH AGAIN LOOMS

Direct Conflict Threatens as Soviet Official Delays Nippon Troops.

By The Associated Press
TOKYO, Jan. 29.—A new possibility of direct conflict between Soviet Russia and Japan threatened tonight when the Rengo news agency reported from Mukden, Manchuria, that General Jiro Tamon was ordered to take a division of troops to Harbin, where a Russian military official blocked transport of Japanese troops over the Chinese Eastern railway.

At the same time the Japanese government planned to hold officials of the Chinese Eastern accountable for any delay in arrival of Japanese reinforcements at Harbin, where Chinese factions are fighting.

The Chinese Eastern railway is jointly owned by Russia and China. Hsi Hsia, governor of Kirin province, has been fighting a force led by Ting Chao, commander of the railway guards. Japan attempted to send a body of troops to Harbin, to protect its citizens there, the government said.

M. Kurnetoff, Russian manager of the railway, forbade transport of the troops on orders from the Russian government, pointing out that Russia had refused to transport Chinese troops and that Japan had suggested that neutrality be observed.

AUTO CRASH CAUSE OF DAMAGE ACTION

Bertha Baseler Sues for \$5,590 in Common Pleas Court.

Bertha A. Baseler filed suit for \$5,590 against Ivan Johnson in common pleas court this morning. The action is a result of an automobile collision May 2, 1931, in which an automobile driven by Carl E. Baseler, husband of the plaintiff, collided with one driven by the son of Ivan Johnson.

Mrs. Baseler asserts that she suffered permanent injuries, was in the hospital 10 days, and was attended for five weeks following the accident. The collision occurred at the intersection of the Davis and Gooding road with the Owens road. Mrs. Baseler is represented by Attorney J. W. Jacoby.

Hollywood Stars Are Targets of Odd Money-Getting Games

Movie people were charged as high as \$2500 for a worthless horse guaranteed to have an easy gait. A group of academics, schools and clubs offered bridge paths, riding lessons and even perfume lessons. Handsome college men were hired to teach actresses how to ride. No one patronizes the plebeian stable any more in Hollywood because all stables have become academies. Fifi Dorsey, vivacious French actress lost considerable money, she said, because she did not know business. A commission of \$15,000 was demanded by a booking agent, it was explained, and Miss Dorsey finally paid after she had been sued and her trunk was attached at nearly every step she made on her recent tour. "Little Fifi is much wiser, now," she said. "She learn much about business."

Difficulty for Dolores Dolores Del Rio also had difficulties with her legal and financial arrangements, culminating in the still pending \$31,000 fee suit of her attorney. Miss Del Rio said she permitted General Obregon, former president of Mexico, to use her name and picture in advertising tomatoes raised on the general's ranch. Lupe Velez hurriedly returned from the East when she found her bank account had been exploited by three men who were arrested on forgery charges. Kay Francis had a new experience with souvenir racketeers who lounge around studios. Miss Francis fell and dropped her purse when she left the studio. The contents were scattered over the pavement. Souvenir hunters rushed to the scene and grabbed trinkets, lip stick, handkerchief and other articles. Miss Francis recovered only her purse and a powder puff.

MAN-HUNTING FORT ON WHEELS.

Although it looks harmless enough, this new armored car of the Michigan state police is a veritable fortress on wheels when it comes to tracking down desperate criminals. Fitted with bullet-proof glass, bullet-proof mudguards to protect the tires and a regular arsenal of weapons, tear gas bombs, riot guns, machine guns and pistols, the car is a menace to stick-up gangs. Occupants of the auto are kept in constant touch with headquarters by radio and a system of signal lights warns pedestrians when a manhunt is in progress. Another light flashes a stop signal to autos when the police car comes alongside, doing away with the necessity of the police exposing themselves to gunfire from a fleeing car. Every inch of the bandit-chasing fort is heavily protected by armor plating.

CHICAGO EXPECTING CONVENTION PROFIT

Receipts of Over \$10,000,000 Anticipated from C. O. P. Meeting.

By International News Service CHICAGO—When the Republican national convention is held here in June, local business will be benefited to the extent of \$10,000,000, according to the estimate of John L. Coyne, vice president of the Chicago Association of Commerce.

Approximately this sum will be spent in preparation for the convention and by the thousands of persons who will be attracted here.

NEW DISCOVERIES CONFIRM VIRTUES OF BRAN IN DIET

Supplies "Bulk" and Vitamin B for Constipation; Also Iron for Blood

For ten years, now, millions have found Kellogg's ALL-BRAN a safe, pleasant way to overcome common constipation—with the headaches, loss of appetite and energy that so often result from this condition.

Recent laboratory tests show that ALL-BRAN supplies "bulk" to exercise the intestines, and Vitamin B to help tone the intestinal tract. In addition, ALL-BRAN contains twice as much blood-building iron, by weight, as beef liver.

This "bulk" in ALL-BRAN is much like the "bulk" in lettuce. Inside the body, it absorbs moisture and forms a soft mass, which gently clears the intestines of wastes.

Special cooking processes make ALL-BRAN finer, softer, more palatable. It is not habit-forming.

Think how much better it is to enjoy this delicious cereal than to take endless pills and drugs, which often lead to harmful habits.

Two tablespoonfuls daily—in serious cases with every meal—are usually sufficient. If your intestinal trouble is not relieved this way, see your doctor.

Serve ALL-BRAN as a cereal with milk or cream, or use in cooking. Appetizing recipes on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

by the party meeting, Coyne said. The number of visitors has been calculated at 75,000. "We believe," Coyne told International News Service, "that from \$10,000,000 to \$15,000,000 will be spent by the visitors in spite of the fact that hotel rates for the delegates and other official visitors will not be raised, railroad fares will be reduced to fare and a half for the round trip, and other expenses will be kept at usual levels. "All lines of business will benefit, because the visitors will spend their money for local transportation, telephones, amusements, and in the retail stores and restaurants."

The convention delegates, incidental to the business of picking a Presidential nominee, will make the first official inspection of the 1933 World's Fair grounds. A preview of the Century Progress is being specially arranged.

Since 1920, when the Republican national convention was last held here, hotel facilities in and near the loop have been increased immeasurably, according to J. K. Blatchford, secretary of the Chicago Hotel association.

Fifty. and Fit

A MAN is as old—or as young—as his organs.

At fifty, you can be in your prime.

Why go along with "fairly good health" when you might be enjoying vigor you haven't felt for years?

There's a simple little thing anyone can do to keep the vital organs stimulated, and feel fit all the time. People don't realize how sluggish they've grown until they've tried it. The stimulant that will stir your system to new life is Dr. Caldwell's syrup pepsin. It will make a most amazing difference in many ways.

This famous doctor's prescription is a delicious syrup made with fresh herbs, active senna, and pure pepsin. It starts its good work with the

first spoonful. That's all you need to drive away the dullness and headache of a bilious spell, and rid the system of that slow poison that saps your strength. It's better than a tonic for tired bowels, and unlike habit-forming laxatives you can take it freely or give it to any child. And it isn't expensive.

Get some syrup pepsin today, and take a little tonight. Don't wait until you're sick to give your system this wonderful help. You can avoid those spells of biliousness or constipation. A spoonful every now and then is better than constant worry about the condition of your bowels, or fear of auto-intoxication as you grow older. Dr. Caldwell's syrup pepsin protects the system. All druggists keep this preparation.

The Edison list names the following students:

Seventh grade—Evelyn Ackley, June Augenstein, Mary Edington, Dorothy Frost, Helen Knight, Clara Levein, Helen McWilliams, Rozella Otto, Helen Pence, June Porterfield, Mary Pottorf, Martha Jane Rogers, Mildred Stiles, Margaret Watt.

PRE-EASTER SERVICE TO START SUNDAY

Evangelical Campaign To Be Conducted at Central Christian Church.

A pre-Easter evangelistic meeting will begin Sunday morning at Central Christian church and continue for two weeks. Announcement of the meeting was made today by Rev. James O. Dodd, pastor.

Harry Box of Lexington, Ky., has been obtained as soloist and song leader for the services.

Mr. Box was born in Birmingham, England, emigrating to this country a number of years ago. Early in life he had a great love for music, but all of his training was received in this country.

In 1920 he was winner in a state contest for male voices, held in Maine under the auspices of the National Federation of Music Clubs. In 1922 he won a scholarship to the Chicago Musical college, competing with many talented students. After singing in the concert field for several years, he began to study for the opera, singing in French, German and Italian.

Since receiving his call to the religious field, he has sung in churches over the country. He has dramatized several of his solos into "sermons in song." He has broadcast over many radio stations.

THE dominant position of
Venus, the star of love,
beauty art, romance and do-
mestic and social activities,
points to unusual activity and
much pleasure in these direc-
tions, possibly to the neglect of
other interests. Which prob-
ably is well, since there is a
sign of quarrels, disputes, tu-
mult and impetuosity in other
directions. Be particularly
careful in employment and
generally put a brake upon
tongue and temper. Some fa-
vors may come from a large
organization or secret body.
Those whose birthday it is
may have a year in which their
major interests may center on
private affairs, social, domes-
tic, artistic, romantic. In em-
ployment there is need for dis-
cretion not to give offense,
and generally there is warn-
ing against impetuous, rash
and quarrelsome conduct. A
child born on this day should
be brilliant intellectually, so-
cially, with leanings to art, ro-
mance, music, poetry, etc.; it
should be popular and friend-
ly although quick in word and
actions.

Hot Water Compresses Are Aid When Eyes Suffer from Strain

BY JOSEPHINE HULLDSON.
GRANULATED eyelids are another beauty-destroying element which usually can be treated successfully at home, though it is far more sensible to avoid this condition than to wait until it has developed and then try to remedy it.

Granulated lids usually result from eye strain which is permitted to continue indefinitely. Besides being unsightly, granulated lids are most painful, and so every one should try to prevent their development.

Even though the eyes seem to be in good condition, those of you who use your eyes a great deal should take special pains to counteract the reaction from strain long before visible signs of it occur.

Bookkeepers, typists, copy readers, librarians, dressmakers, milliners—all women doing any type of work which requires the constant and conscious use of the eyes—should make a practice of bathing the eyes at night.

Hot salt water compresses are an effective remedy for tired eyes. These tend to relax the tight, tensed nerves and to stimulate circulation, thus wiping out the tired, drawn lines from around the eyes.

To use this salt water treatment, one teaspoonful of ordinary table salt should be added to one-half cupful of very warm water. When the salt has dissolved, saturate a large pad of cotton in the hot salt water and, squeezing out the excess water, lay the compresses over the closed eyes. As soon as the salt water compresses begin to cool, replace it with a hot one, continuing until at least twelve have been used.

The Boric Acid Solution
Finish off the hot salt water compress treatment by dashing cold water over the face or massaging a bit of ice over the closed eyes.

At the first sign of the red rims around the eyes, add boric acid washing of the eyes to the hot salt compress treatment. This is done by flooding the eyes with boric acid solution before using the hot salt water compresses and again at the completion of the treatment.

Should the rims of the eyes fail to respond to this treatment, growing more and more inflamed, a simple ointment on sale at all drug stores will prove an effective remedy. This ointment is one per cent of yellow oxide of mercury. Yes,

it's the same ointment used for encouraging a luxuriant growth of lashes!

Just apply the ointment to the rims of the eyes at night before retiring and permit it to remain on until morning.

Even though you find it difficult to take the entire treatment of boric acid washing of the eyes—hot salt water compresses and boric acid and then the one per cent of yellow oxide of mercury—the remedy will be effected much more rapidly if you'll follow the treatment exactly. If you must omit some part of it do without the hot salt water compresses.

THREE DIE HERE IN INDUSTRIAL MISHAPS

Division of Safety and Hygiene Issues Report for 1931.

Three persons were killed in industrial accidents in Marion county during 1931, while 962 suffered from industrial accidents or occupational diseases, according to a report released today by Thomas P. Kearns, superintendent of the division of safety and hygiene of the state industrial commission.

There were also 11 in the county who suffered permanent partial disabilities while there were 199 cases causing over seven days lost time, 103 seven days or less, and 646 medical cases causing no loss of time. The time loss to workers of the county by reason of the accidents during the year was given in the report as 35,636 days. The report announces that there were 47,769 accident and occupational disease claims filed with the commission during the year. Of this number, 1,135 represented fatalities, 23 permanent total disabilities and 1,333 permanent partial disabilities. This, the report says, is a decrease of 40,881 in claims filed, 123 in fatalities, 18 in permanent total disabilities and 425 in permanent partial disabilities.

Three counties, Carroll, DeWitt and Vinton, completed the year without a fatality and Barbours was the only one of the 30 cities from which the division compiles statistics, to finish the year without an industrial death, according to the report.

The chief of the division calls attention to the fact that during the year, Ohio workers lost 170 eyes, 25 arms, 21 hands, 26 legs, four feet, 950 whole fingers, 489 parts of fingers and 60 toes. In comparison to 1930, it is shown that safety efforts, coupled with a decrease in accident exposure in 1931, saved to Ohio workers, 62 eyes, 12 arms, 14 hands, 14 legs, eight feet, 157 fingers, 224 parts of fingers and five toes.

"Heart of a Wife"

BY ADELE GARRISON

With Plans All Arranged Lillian and Madge Turn Their Attention to the Young Folks.

SOMETHING in my father's quiet tone suddenly gave me the sensation of ice water trickling down my spine. Danger to the children because of the presence of Hugh Grantland and Lee Chow in the farmhouse would make us shivers in the mysterious menace that invariably surrounded these two men—my eyes flew to Dicky's with the quick fear that is shared, I think, by most mothers, the fear of being held personally responsible and at fault by my husband for any harm coming to our children.

That I had more than usual reason for this apprehension in the present emergency, I well knew. Rightly or wrongly, Dicky would take the position—mentally, at least—he might not voice it—that if it were not for my old friendship with Hugh, he and his high-

born Chinese friend would not come to the farmhouse. If, despite all our precautions, this visit should bring some horror of vengeance upon the part of Lee Chow's enemies which should involve us and the children should be injured—but that was unthinkable! I pulled myself back to sanity with a mighty effort, and looked across at my father who was regarding me with troubled eyes.

Father's Reassurance
"I should not have said that, Darling," he told me contritely. "It was simply my grandfatherly fussiness getting the better of me. There is danger, yes, always, wherever those stormy petrels, Grantland and Lee Chow hover. But we have things so well in hand that you need not have a single qualm over the children."

"Or anybody else," Dicky struck in, checked himself upon the last word, and hurriedly added: "For the love of Isaac, don't make any attitude ascensions. The kids will be perfectly safe. If you need any assurance besides Dad's, I swear it."

But I knew that was not what he had meant to say. He was wild to fling out at me the accusation that I was worrying as much about Hugh Grantland's safety as I was about that of my children. But with my father and the Underwoods listening—reproachfully, as well he knew—he could not voice his choler.

Lillian's Inspiration
"The bungalow it is then," Lillian said, unerringly seizing upon the only excuse for diversion. "The two high adventurers can be housed out there. But, although I make no pretensions to housewifery, I, strikes me, Madge, that there will have to be some tall hustling on somebody's part to get it ready for the comfortable so-

ber Chinese friend would not come to the farmhouse. If, despite all our precautions, this visit should bring some horror of vengeance upon the part of Lee Chow's enemies which should involve us and the children should be injured—but that was unthinkable! I pulled myself back to sanity with a mighty effort, and looked across at my father who was regarding me with troubled eyes.

HONEYMOON—JINX

Married only 13 hours, that number proved unlucky for Louis Hamilton, of Lebanon, Ind. Hamilton was arrested while still enjoying the new-found bliss of matrimony and charged with the murder of Lafayette Jackson, chain-store millionaire of Indianapolis. The accused man and his 13-hour bride are shown. She declares she will help him fight the charge.

Journal of two fastidious gentlemen. Not that both of 'em can't sleep on the soft side of a board when it's necessary, but they also are connoisseurs of good living, and there's none better than at the Graham farmhouse.

"But it's not quite established yet in the bungalow," Dicky said, and his tone told me that he welcomed any chance to play a casual role in our little drama. "Well, my dear, I'm at your service at any moment. This poor dope," he waved an airy hand at Mr. Underwood, "belongs in the unskilled labor class, but he's willing, strong and faithful, and I can make him useful."

"If it wasn't that I wouldn't soil my hands on such low-life trash," his friend began wistfully, but Lillian put up a silencing hand. "No Time for Fooling."

"Can the comedy you two," she said, "and listen to me. You have a good three hours before you have to start for the hay, and therefore we have plenty of time to finish our dinner before we start getting the bungalow ready for occupancy. I confess I'm mighty anxious to get those young people. If it only would penetrate their skulls so that I could see how their brains were functioning."

"Their—what?" Dicky asked, and Harry Underwood gave an approving chuckle.

"Yes, I should have used the good old all-but-proof 'alleged,' she said, "but let that slide. It doesn't alter the fact that nobody knows from one second to the next what any of these youngsters is going to do. Yet—tell me—did you notice Ronald at dinner time?"

Ronald Did His Bit
"Did we notice him?" Dicky reiterated. "Madge," whatever you said to that lad, it must have been plenty, sufficient and then some. And he's no slouch of an actor, either. That calm, courteous, 'Oh, are you heah, little girl? All right, run along, trundle your hoop and don't bother papa—wow! It was good! I don't think Marion's over the shock yet."

"I hope she isn't," Marion's mother said with a vindictive little click of her teeth. "But," anxiously, "do you think Ronald can keep it up? And what about Mary? Is she going to play up? You said something about it, but you were too hurried to give me any lucid idea of Mary's part in the comédie—or—tragedy—for that's what it's going to be if these plans of yours don't come through."

Her voice was suddenly ragged, raucous, and her husband put his big hand on her shoulder.

"Steady, girl!" he said, "and listen to Mrs. Madge. You'll feel better after she gets through talking. I can tell by the quirk of her mouth. She's swallowed the canary, all right."—Copyright, 1932, King Features Syndicate, Inc.

BOY CRAZY

by GRACE PERKINS

SYNOPSIS

Clever plotting is necessary to arrange a successful party at Lake Placid. Hope Ross finds but she is more than equal to the occasion. She wants freedom to run her party as she wishes, and as far as her indulgent father is concerned, that is easy. Her mother, however, is more critical, and her sister, Goody, is so conventional that she promises to be a perfect damper. Goody is in love with Charlie Rand and this gives Hope an idea. Charlie can't go to the party, so Hope maneuvers him into promising to look after Goody. If Goody stays home, too, then she tells Goody that the way to win Charlie is to stay home from the Placid party and concentrate on him. Goody would be glad to have a clear field, for Hope is a distraction to any boy who catches sight of her gold hair and piquant face.

CHAPTER FIVE

Launching the House Party
YOU find some excuse to stay in town. Then you'll have Charlie here—lonely—missing the party—all by himself. Why, it's a cinch, Goody. Only make a good excuse so he won't catch on."

"Go! I wonder!"
Hope turned away because the happiness in Goody's face was slightly pathetic—and embarrassing.

"Listen," she said quietly. "Mama would do anything for you to make you happy. Why don't you go and tell her all about it? She could make up a reason to stay home. Some business reason, or something—like more of that palaver over her mother's will. She hates Placid and winter sports anyway."

"Oh, boy!" breathed Goody rapturously. "If she only would! I'll go talk to her right now. You know, Hope, I'd even diet for Charlie Rand. I mean really diet!"
Hope watched Goody as she stalked unceremoniously out of the room. She wanted dreadfully to grin—but the grin wouldn't come! She sighed and looked around. Goody's scrupulously clean, and shining room, almost unlike in its rural and homely simplicity.

She scrutinized the New England antique, the treasured patchwork quilt, the four-poster bed with its curved canopy top, all done in sprigged-pink covering to match the huge wing chair and its tiny hassock before the fireplace, the braided and hooked rug, the maple lowboy with its prim mirror above, framed in the Chippendale manner, and its ladder-back chair with a rush seat, the maple bureau with ball feet, the butterfly table, the framed

sample, the pewter sideights and condiments—a room that gave Hope a strange feeling of melancholy and futility every time she entered.

Her eyes met themselves in the mirror as she completed her survey. They were clouded and slightly foggy, and one eyebrow went up as Hope broke into a mocking and somewhat explosive smile.

"You poor mien," she told herself with that sly delight which most very young girls experience in talking to themselves via a mirror, so that they may study their expressions—a secret pastime which many women never quite outgrow. Goody's the north pole, and you're the south pole, and you're both pretty much exactly the same, but you'll never get together."

Mrs. Ross and Goody remained on the old Ross estate for the Christmas holidays. And only Papa Ross accompanied the house party to Placid.

The party, in toto, included: Rusty Crandall, of the Gotham Oil Crandalls, who as soon as Yale had finished him, would make by far the best husband for Hope in the eyes of Mama and Papa Ross, and of the Senior Crandalls as well.

Judy Hunt, Hope's "grandest friend" who was a young lady with big hands, and a model of no mean distinction as a baby talk vamp, to make up mostly for her lack of more worldly and hence more desirable status. For Judy, while not poor as Angel, lived in magnificent sumptuousness that was kept up on nothing but a year's nothing meaning debts and loans.

For most of the Hunt money had dribbled year by year, to the endless, bottomless bucket of medical expenses that did little more than keep her mother alive. It was certainly up to Judy to marry, and to marry well; a combination many girls have found difficult in itself, but Judy found it almost unbearable inasmuch as she was being politely forced into the amused and bored arms of Frisky Hall, while all the time her heart was given over to an unripe but well-meaning and adoring saxophone player in a road-house orchestra.

Betty Deacon, a school chum of Hope's since the days of lollypops and stray kittens, who had the keen will of knowing how to manage her life in suit herself, and still please her parents.

Max Montey of Dartmouth, who excelled in mathematics and could ride a horse blindfolded.

Frisky Hall of Princeton, who boasted only but boasted vociferously of red, red hair, a millionaire father, a multi-millionaire aunt, a sail boat of his own, a Rolls Royce roadster, a dependable unreliability a surprisingly genial

temper, a tendency toward kleptomania, a love affair every other week, a mean right arm with a tennis racquet, and a meaner right wrist with a banjo.

Pat Hollins, known to society columns as Patricia Fitzhugh Hollins, whose coming-out had to be reported three times; once in New York, once in New Harbor, and once in Paris; and who would be presented at Court next year, provided she didn't run off with her golf instructor beforehand, which tragedy looked very imminent indeed.

Jed Bloom, the white hope of Columbia, the swiftest drinker, sharp-witted, and best dresser in the five boroughs of New York.

Donald Russell, of Harvard, who was trying to work himself out of the gutter from which his politician father had risen.

And Agnes Thorn, known as "Angel" because of her willingness to do anything for anybody within the law—the sweet, pale blonde who had slaved over Hope's Latin for a good three years as payment for her acceptance into the society of Hope's gang—and who was noted also for turning her soft gray eyes toward Rusty whenever he laddled about, as a

sunflower turns its eager, well-meaning face toward the sun, forgetting all subtlety.

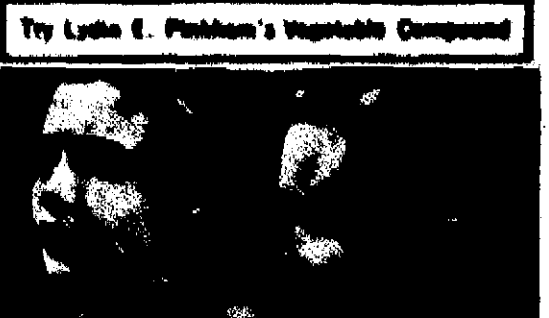

It must be said for Hope that Latin papers she wouldn't convince her of the rating necessary for acceptance in her private society. For while Hope's crowd were apt to pick up, upon occasion, any one from the garage boy to the girl who served banana splits in the favorite tea-room, the actual gang itself was as tight as adhesive plaster, and snooty as only the very young can be.

No—Angel Thorn had something, besides her ability to divide all Gaul into three parts, to offset her obvious poverty and the fact that she lived on the wrong side of the tracks.

Marion Idle as Four Other N. C. O. Teams Clash Tonight

HARDING, MANSFIELD BATTLE FOR LEAD IN SATURDAY CONFLICT

Ashland, Bucyrus Game on "Buoktown" Court To Draw Local Fans.

Although Marion basketball fans will have to wait a day longer than usual this week to see the Harding Presidents swing into action against Mansfield, they will have the opportunity tonight of making an out-of-town jaunt to see one of two other North Central Ohio league frays. Not many are likely to avail themselves of the privilege of seeing Gallon and Shelby in action as the game is at Shelby and too far away to interest local fans.

The Ashland-Bucyrus game is likely to attract quite a number of fans to the home of the Redmen. Ashland is tied with Harding and Mansfield for the top post and as a result Marion fans are almost certain to be pulling for a Bucyrus victory, despite the fact the Redmen appear to have little chance of victory.

Bucyrus has lost four straight games this season, having been beaten by every other team except Ashland. Ashland on the other hand, has lost only to Harding and has been coming along fast since that single setback early in the season. Bucyrus has shown flashes of power which, were they sustained for any length of time might carry them to victory over Ashland. Unfortunately, Bucyrus has shown little ability to carry on for more than one period of a game.

While the above named four teams are settling their week's differences, Coaches Bohyer and Williams will be putting their charges through an added day's practice as a result of the postponement of the clash with the Tyngersmen. The extra day of rest is looked on as a distinct "break" for Harding inasmuch as it gives Billie Hero, regular forward, more time to recover from an injury to his leg. Even with the added day it is not certain if he will be in shape for an entire contest.

If Hero is not able to go against Marion Saturday, the starting five is decidedly uncertain. Harding mentors have worked several different combinations this week in the hope of finding one that will display the power shown by the set of starting regulars which took Harding through the first three games undefeated. Present indications are that Pickers and Blesher will start at the forwards. Fred Vestal and Lindsey at the guards and Jack Ling at center. If Hero is ready to play this lineup will probably be shifted. It may be anyway. Bohyer has made no statements as to whom he intends to start.

Bierman Plans No Upheaval in Gopher Coaching System.

MINNEAPOLIS, Jan. 29.—There won't be any radical changes in the football system at the University of Minnesota next fall, according to Coach Berman. Berman's new football coach gave that assurance to 110 men who turned out yesterday for winter game practice. Berman came here from Tulane to take over the football duties of H. O. Crisler, who continues as athletic director.

Three Cushion Championship Play Enters Final Stretch at Chicago.

By The Associated Press
CHICAGO, Jan. 29.—The world's three cushion billiard tournament entered its final stretch today with Otto Reisel, Philadelphia veteran, setting the pace.

He rose to the top by defeating Len Kennedy of Chicago last night to break a triple deadlock, while Arthur Thurnblad of Chicago, defending champion, was losing to Allen Hall.

The twelfth of the 21 day series saw Augie Kleckhefer, a Chicagoan in second place and Thurnblad tied with Gus Copulos of Eugene, Ore., for third.

But while these adjustments were being made, the galleries gasped at the decisive defeat handed Young Jake Schaefer, 18.2 ballline champion, by Johnny Layton of Sedalia, Mo.

COPELAND COMBINE WINS PISTOL SHOOT

The No. 4 team of the Marion Revolver association, captained by R. E. Copeland, turned in a score of 1649 in a pistol shoot at the police station range last night to defeat the No. 5 combine, captained by A. Van Kleek. Van Kleek's marksmen scored a total of 1470. E. C. Macken of the Copeland team was high scorer of last night's shoot with 362. Harold Cobb of the Van Kleek five was second with 361. F. Groh, shooting for Copeland third with 343 and Van Kleek fourth with 338.

METHODISTS GUNNING FOR SIXTH VICTORY IN CHURCH CIRCUIT

However, Lee Street Has Hopes of Stopping Epworth Quint Tonight.

By Bob Kirkpatrick
For those individuals who like to argue that basketball is one of the most strenuous games played, here are a few statistics which would indicate that coveting on the hardwood is not as tough as it seems. They were compiled by Everett Dean, head basketball coach of the University of Indiana, from games played by the Hoosiers with Notre Dame, Purdue, Pittsburgh, Northwestern, Minnesota, Iowa and Illinois.

There are 108 interruptions a game. The average actual playing time of a game is 29 minutes, 20 seconds out of a possible 40 minutes. The average playing time without interruption is 18.3 seconds. The longest playing time without interruption is two minutes, 22 seconds. The shortest playing time is one second.

There is an average of 22 fouls a game. The average number of field goals is 18. The average number of free throws is 14. There are 21 center jumps in the average game; 19 jump balls and 38 out-of-bounds.

Where's my suit? That game's not so tough. Graduation and ineligibility are taking a heavy toll in the camps of the various North Central Ohio league teams. The injury list of the league also brings visions of a football casualty list.

Mansfield fans are bemoaning the fact that Frankie Fisch, brilliant football and basketball star, will play in his last high school athletic contest Saturday night against Harding. The loss of Fisch, no Mansfield sports scribe chronicle, may mean the difference between a championship basketball combine and "just a good team." He has been a mainstay all this season.

Grubaugh of Gallon is hovering on the edge of ineligibility for the rest of the season, reportedly on account of scholastic difficulties. Grubaugh did not play last week and is not expected to play tonight. Goldsmith is suffering from injuries as is Pitts. Both are court regulars.

At Ashland Chuck Campbell, another valuable man, has played his last game under a high school banner. Coach Rosie Hazen is grooming a mid-year player, Campbell, to take his place. Campbell's loss is not likely to give Ashland anything like a shove toward the pennant although Hazen shows signs of developing into a good man in a short time.

Shelby and Bucyrus appear to be the only teams not suffering from either graduation or ineligibility. Neither loses a man and neither has reported any injuries sufficiently serious to keep any one out of the game.

Harding is getting its share of setbacks due to loss of men. Carol Carlis has been declared ineligible. Billie Hero a regular forward is suffering from a charley horse and Fred Vestal has a foot giving him considerable trouble.

School Boy in Finals.

By The Associated Press
MIAMI BEACH, Fla., Jan. 29.—T. Phillip Perkins, former British amateur champion, today faced Winfield Day, 17-year-old Chicago school boy, in the 36-hole final of the La Gorce Open amateur golf tournament here.

METHODISTS GUNNING FOR SIXTH VICTORY IN CHURCH CIRCUIT

However, Lee Street Has Hopes of Stopping Epworth Quint Tonight.

All but one team has fallen in the city Sunday school basketball league. The Epworth M. E. quintet is the only one of 10 members of the circuit which has not tasted defeat and if the Lee Street Presbyterians have anything to say in the matter the Methodists will also become a "has been" as far as unbeaten teams are concerned following a clash tonight on the Y. M. C. A. court. Lee Street will make the sixth attempt to stop the league-leading Epworth crew at 7:30 p. m. In the first of a twin bill. The second start tonight will commence at 8:30 p. m. and will see Trinity Baptist doing what it can about handling last season's slipping champions, the First Presbyterians, their third defeat in six games.

On paper the Methodists will be distinct favorites to continue their winning streak at the expense of the Lee Street five. However, the Presbyterian team always fights to the last ditch regardless of odds and may be able to spring another of the numerous surprises which has been helping to make the church league race one of the most interesting in recent years. The Trinity Baptist-First Presbyterian clash should see the Presbyterians finish on top inasmuch as Trinity has not been able to hit its usual fast stride this season. However, should the Baptists suddenly snap out of their slump the Presbyterians will find the going plenty rough before the timer sounds the end of the conflict.

Ohio Colleges Resume Play on Hardwood Court

By The Associated Press
COLUMBUS, O., Jan. 29.—After a four day layoff for mid-winter examination, Ohio college basketball players will settle down now to the serious business of winning championships on the hardwood courts.

Tonight will see a trio of Ohio conference games decided along with one Northwest Ohio league fray. Mount Union will try for its fifth consecutive victory at Kent State, while Ohio Northern plays at Kenyon and Hiram will try to better its standing at the expense of Baldwin-Wallace. In the Northwest Ohio group Bluffton will play Defiance. Two other games tonight will see John Carroll in action at Kalamazoo, Mich., where it meets Western State Teachers college and Cedarville at Rio Grande.

On Saturday night two Buckeye Athletic association games grace the program. Denison will play a revamped Wittenberg at Springfield, trying to tie the game time place standing. At the same time Miami will play at Wabash.

Ohio university will play a non-conference game with Muskingum; Dayton plays at Earlham and Cedarville at New River State. John Carroll will play at the University of Detroit.

In the Ohio conference attention will be centered on Cleveland where Wooster will be attempting to topple Case from the undefeated list. Wooster has lost only one game in five starts.

In the Northwest Ohio league Findlay will play at Bowling Green and Toledo at Defiance.

\$5,000 FINE LEVIED ON "BAT" BATTALINO

"No Contest" Fight with Freddie Miller Draws Severe Penalty.

By The Associated Press
CINCINNATI, O., Jan. 29.—Christopher "Bat" Battalino, former world champion featherweight, must pay a \$5,000 fine and go into indefinite retirement because of his "no contest" fiasco with Freddie Miller, Cincinnati challenger.

The Cincinnati boxing commission suspended him indefinitely yesterday. Miller was given a clean record, but the title was declared vacant. In addition, the erstwhile champion lost his \$1,000 forfeit to make the featherweight limit of 126 pounds. That is to go to charity. The Hartford, Conn., fighter told the commissioners his poor showing was caused by his strenuous efforts to take off fourteen pounds for the bout. He failed by three and three-fourths pounds.

The suspension will be effective in all states affiliated with the National Boxing association.

WALDO, CALEDONIA TO CLASH SATURDAY IN RURAL CHURCH LOOP

Outcome of Battle on Y Court Likely To Decide League Championship.

Waldo Reformed and Caledonia M. E. basketball teams of the Marion county Sunday school league will clash Saturday night on the Marion Y court in a conflict which is expected to practically decide the winner of the league championship. These two teams are deadlocked for first place in the standings with five victories and one defeat. Caledonia will have to meet Prospect and Pleasant after the Waldo clash. Waldo went to get by the last two opponents without another setback. Caledonia was turned back by Waldo in the first meeting of the league earlier in this season by a 17-11 score. Waldo's lone defeat came at the hands of Green Camp 34-21. The Saturday night game between these two should be a nip and tuck battle with the outcome a toss-up.

The other two games of the weekly three-game bill Saturday in the rural circuit will match Prospect and Moral and Green Camp and Pleasant. Prospect and Moral should put on a good battle while Green Camp looms as too stiff a test for Pleasant Trinity Lutheran.

LEVINSKY VS. BAER

Former Fish Peddler Underdog in New York Fight Tonight.

By The Associated Press
NEW YORK, Jan. 29.—King Levinsky and Max Baer will collide in the ten-round feature at Madison Square Garden tonight. Baer rules a 6 to 5 favorite, but it's a bit hard to justify those odds. Levinsky, after giving Primo Carnera a close fight at Chicago, came east and handed Tommy Loughran a terrific beating and followed with a close decision over Pauline Uscudun.

To give the boys something to shoot at, Promoter Jimmy Johnston has called tonight's fight the first of a series to produce an all-time star for Max Schmeling or Jack Sharkey in the heavyweight title fight, June 16. Next week Paulino will tackle Ernie Schaaf and the general idea is pair off the winners and then let Steve Hamas fight the survivor.

Fields Whips Brouillard To Cop Welterweight Toga

BY WILLIAM WEEKES Associated Press Sports Writer

CHICAGO, Jan. 29.—Jackie Fields the ropes, but the bell sounded in time to get the champion out of trouble. The verdict was unanimous.

The Los Angeles fighter last night won the decision in 10 rounds over Lou Brouillard of Worcester, Mass. Brouillard's tenure of office was brief. Just about four months ago he punched the crown from the head of young Jack Thompson, Oakland, Calif., Negro.

It was the first time since he lost the title to Thompson in 1930, that Fields had made the welterweight limit, and his excellent condition brought him victory. He outboxed the French-Canadian after the third round, and from the sixth on, outslugged him as well.

Brouillard had the edge in the first two rounds, but after Fields solved Brouillard's southpaw style, he was on top. In the sixth it appeared the title might change hands by a knock-out, when Fields clipped Brouillard with a right to the jaw. Brouillard's knees sagged. Another right to the chin sent him staggering to

WELTERWEIGHTS TO HEADLINE MAT CARD AT SHOVEL MONDAY

Henry Jones of Utah To Meet Pat Finnegan, Detroit Newcomer.

After several week's activity centering around the toe twisters of the heavier variety, Promoter Clet Kauffman has lined up a pair of welterweights to headline the regular weekly wrestling card at the Steam Shovel gymnasium next Monday night.

Henry Jones, the self-styled uncrowned welterweight champion who hails from Provo, Utah, will lock horns with Pat Finnegan, a Detroit boy making his first appearance in the local arena.

In the semi-final battle Monday Ray Carpenter, the rough and tough war horse from Lancaster, will see what he can do about massaging the padded man with the shoulders of one Frank Wolf, the Australian. Wolf and Carpenter have both appeared here several times in the past.

Finnegan, the headline opponent of Jones, is looked on by Detroit mat fans as one of the up and coming wrestlers of that section. He recently won a hard-fought match with Jack Donnar, the Toledoan who has shown his wares here frequently. Finnegan can rough it up if necessary but he prefers to wrestle clean—and fast. When he meets Jones, he will have no occasion to make use of the rough stuff if Jones wrestles as he has on former occasions here.

The Provo, Utah, flash, who insists he is willing to meet anyone anywhere for the welterweight title does not go in for the rough stuff. He is faster by far than the average welterweight.

The main go will be the usual two falls to win affair with a two hour time limit. Besides the feature match and the 45 minute semi-final there will be a 20 minute prelim but the principals for the warm-up bout have not been named.

Opening of the 1931-1932 professional hockey season in St. Louis was twice postponed due to difficulty with the ice plant.

STOCK PRICES DRIFT LOWER

Selling Sends Shares
Slipping Toward January
Lows.

The Associated Press
NEW YORK, Jan. 29—Selling
moderately for a time in
stock market, and prices
dropped to the early January
level. The liquidation abated
after midday.
In the far east
uncertainty, although im-
mense financial quarters ex-
perience in the handling
of business and indus-
try, there were slight re-
verses in the early af-
ternoon.
Decidedly heavy, as
a conference dragged on
for 30 minutes appeared in

Chesapeake & Ohio, New York
Central, New Haven, Santa Fe,
Union Pacific, Southern Pacific,
and others. Other issues regis-
tering similar losses included Allied
Chemical, American Telephone,
Public Service of N. J., Eastman,
Case and Coca Cola, Bethlehem
Steel preferred dropped five points,
and the common more than a point,
on the dividend and earnings news.
U. S. Steel also lost more than a
point. General Motors was fairly
steady, as were coppers and oils.
Brokerage opinion was rather
confused and inclined to be a bit
gloomy. What the market needed
was generally agreed, was a good
price of bullion news, but traders
scarcely knew where to expect it.
Inauguration of the Reconstruction
Corp. is being awaited hopefully,
and some brokers expect General
Motors dividend action next week
to be encouraging.
Weekly mercantile reviews re-
ported little change in trade con-
ditions. Bradstreet's pointed out
that warm weather was still an ad-
verse influence in the movement of
certain lines of merchandise.

COLD REPORT BOOSTS GRAIN

Uneasiness Over Oriental Sit-
uation Also Aids Chicago
Market.

By The Associated Press
CHICAGO, Jan. 29—Influenced
by a cold wave threatening crop
damage and by uneasiness over
developments, grain values
showed an early upward trend to-
day. Advances, however, were
checked by stock market declines.
Opening at a shade lower to 1/4
% gain, wheat after held near
the initial limit. Corn started 1/4
% off to 1/2 % up and subsequently dis-
played firmness.
Leading crop experts said tem-
peratures colder than 15 above zero
east of the Mississippi river would
probably do permanent injury to
vital processes of the wheat plant,
and that 10 above or lower would
inflict serious damage. The reason
ascribed was the present unusually
advanced stage of wheat growth.
In the southwest, temperatures of
five above zero or lower would be
bad, as much of the western third
of this territory has only a small
seedling just up or coming up.
Canadian reports told of one of
the worst storms of the winter
whipping southeast from Regina,
and the thermometer 20 below zero.
Meanwhile, temperatures of seven
below zero were reported at Sioux
Falls, S. D., and two above zero at
Omaha. Bears however expressed
belief that snowfalls ahead of the
cold wave would largely if not al-
together nullify threatened crop
damage. Corn and oats were chief-
ly governed by wheat market
changes.
Provisions sympathized with
weakness of hog values.
